Deacon Pointe

ASSISTED LIVING RESIDENCE

I'm ready for a little help.

THE PERFECT BALANCE BETWEEN ASSISTANCE AND INDEPENDENCE

Everyone needs a little help now and then. But when your life comes to a point where it just makes sense to have someone support you in your day-to-day living, it's nice to know that Deacon Pointe is here.

Live well

Of course, Deacon Pointe residents have access to all the services and amenities of Twin Lakes Community. From our arts and crafts studio and card games to our movie nights and organized outings, you'll appreciate living in a true community. In addition to enjoying our fitness center, you can also take advantage of Twin Lakes' excellent wellness program.

Wellness here focuses on factors that are known to inspire a resilient, contented lifestyle. *Thrive*, our specialized wellness program, uses tools to help assess and track personal wellness. This type of attention to making the most of your life is a foundation of life at Twin Lakes.

Cared about, as well as cared for

One of the most unique aspects of living at Deacon Pointe is the people that surround you. Here you'll find peers who have experienced life just as you have. Our diverse mix of residents means you'll have a chance to make connections with people who have your same interests or bring new conversations to the table.

You'll also appreciate the Deacon Pointe staff and professionals that make living here so special. Our caregivers are dedicated to making sure you have everything you need. Staff members not only know your name; they take time to listen, understand and get to know you as a person. This supportive environment allows you to make the most of your days.

Make yourself at home

Feeling at home is an important part of Deacon Pointe. So, we designed each apartment with all the touches you expect in a well-appointed residence. There are eight different floor plans, each with a main living area, kitchen area, bedroom and full bath. You'll have the freedom to decorate any way that you wish.

Assisted living residents enjoy three delicious meals a day in the private dining room, housekeeping services, linen service, and staff supervision.

A continuous arc of care

As a Continuing Care Retirement Community (CCRC), Twin Lakes offers a wellness program, rehabilitation services, and nurses on staff as well as skilled nursing residences and other medical services. All of these services are right in our community for your peace of mind.

We are fully accredited by the Commission of Rehabilitation Facilities-Continuing Care Accreditation Commission (CARF-CCAC). CARF-CCAC is the only accrediting body for continuing care retirement communities and other types of aging services in the nation.

Twin Lakes Community

is a neighborhood where long time friends are as important as long-term care. Where independence is treasured. And where the transition isn't about what you give up, but what you've gained.
