REHABILITATION

**5 Star Quality Care**

*Providing exceptional  
rehabilitation and  
nursing care to residents  
of Alamance County  
and beyond since 1983*

## Care is in our DNA

Coble Creek is part of Burlington's beautiful Twin Lakes Community, a nationally-accredited Continuing Care Retirement Community offering retirement living, assisted living, skilled nursing, and dementia care. Coble Creek is a Medicare/Medicaid certified, five-star-rated, licensed residence. We provide short and long term care for residents of Twin Lakes and those who reside in the broader community.

*“Caring is more than medical help or physical therapy.  
It's about a smile and genuine concern”*

# DISCOVER AN ATMOSPHERE OF CARE AND CONCERN

Care

For over 40 years, our focus has been on providing quality care and compassion for every individual, as our well-earned reputation in the community confirms. Our dedicated staff and positive environment are here to help residents live up to their fullest potential, no matter their situation. Our team of health professionals coordinates resident care with your physician's input taking a personal interest in understanding you and your needs. Whether here for short-term rehabilitation or for the long-term care, residents often feel like the staff is their extended family. It is this environment of caring that makes Coble Creek stand out among other skilled nursing and rehabilitation programs.

## Rehabilitation and Therapy Services

Twin Lakes Community has partnered with Functional Pathways to provide exceptional, on-site therapy services for short and long term residents of Coble Creek, as well as those receiving outpatient therapy. We base our therapies on the individual's needs and potential, not strictly on their symptoms or diagnoses. Our dedicated, professional therapists help individuals restore confidence, dignity, and a sense of self worth to improve outcomes and enhance the lives of those in our care.

## Application and Admission

Families or persons interested in admission are encouraged to contact the Coble Creek Admissions Coordinator. A valuable resource during your search for care, the Admissions Coordinator counsels applicants and families about the admission process and answers various questions regarding resident needs. The Admissions Coordinator will provide information concerning room availability, insurance benefits, physician support, and advice on proper placement.

## Payment and Reimbursable Services

Coble Creek is a Medicare/Medicaid certified facility allowing residents to take advantage of those programs as applicable. Medicare/Medicaid coverage decisions based on prescribed requirements are made by agencies outside of Twin Lakes Community; therefore, each resident's situation will be examined individually to determine coverage. Supplemental policies and/or long-term care insurance may also be utilized.

Fees not covered by Medicare and private insurance are paid for out of pocket. Medicaid benefits may be used if a resident exhausts their personal funds. Our on-site Social Worker will provide assistance if this applies.
