

GARDEN HOMES

Forsythia

3 Bedroom / 2½ Bath / Single-Car Garage

1960 square feet heated

The Forsythia is a lovely 1,960 square foot home that lends itself to entertaining because of its circular traffic pattern through the spacious living and dining combination and kitchen. The side walls of the living and dining areas house six windows to

170 square feet floored attic

provide plentiful light. The large kitchen includes a sunny breakfast nook and a small desk workspace. The study and powder room are located at the front of the house, away from the two bedrooms.
