Juniper

3 Bedroom / 2 Bath / Single-Car Garage

1750 square feet heated

The 1750 square foot Juniper offers a large 26' x 17' combination living and dining room. The living and dining combination is filled with light due to a bank of windows on the side wall, and the dining room has a lovely bay window. The study is conveniently

125 square feet floored attic

located at the front of the home, away from both bedrooms. As with all Garden Homes, the Juniper offers a spacious attic with permanent stair access.
